Life Insurance Co.,

OF NEW YORK.

\$12,000,000. ASSETS

BETTER THAN A

GOVERNMENT BOND.

The Manhattan for a limited period will offer the residents of Nevada a Bond Combining Insurance and investment that is in reach of all and which every healthy ablebodied man in the State should possess-for the protection of himself and family.

In explanation read what follows: Suppose a special agent of the U. 8. Treasury Department should call on you today and say:

The Government would like to sell you bonds for any amount between \$1,000 and \$30,000 and if it is not convenient for you to make the investment at once, we will aslow you to pay for the bonds in

Ten Equal Annual Installments.

And, suppose, in addition to this, the Government, wishing to make this the most desirable investment. in the world, should stipulate in the bond, not only to pay them at the end of the term, but in case of your previous death, to pay them to your family and AT THE SAME TIME RELEASE YOUR FAMILY EROM PAYING ANY FURTHER MONEY.

Would you not at once close with such an offer? And yet this is practically what the Manhattan Life Insurance Company, of New York has done and is doing.

For a full explanation of this plan, address, giving your full name address, occupation and age,

has so honestly and economically carried on the routine duties of office.

In all things it has been the direct opposite of the Democratic party. Grand in its ambitions and impulses, firm and resolute in its consistency, strong in its devotion to principle, it is now, as it has been from its berth, the representative of all that is best and noblest in its own country and hope and promise of a better future for the buman race.

Its bat'les for human rights, its preservation of the Union, its abolition of slavery, its protection to labor, its elevation of manufacturers, its upholding of the national credit, its efforts in behalf of honest financial methods, its homestead system and its devotion to popular education have made for it the greatest record of any political organization this or any other country

The names of its heroes are legion, Lander and the deeds of Fremont, Lincoln, Grant and Garfield will shrine like electric lights on the pages of history. The Republicans of Nevada, in con-

vention assembled, heartily indorse the acts of the fifty-first Congress, which has made greater advances in correct and needed legislation than

any since the war. The crime of filibustering, so often resorted to by the Democratic party for the purpose of defeating legisla-tion and blocking the wheels of gov-ernment, has been done away with by the genius of Reed, McKinley and their associates, and the offenders taught that congressman are paid by the people for making laws and not

had politics.
It had, by a strictly party vote, placed the silver question on a basis and disarm all opposition among financiers.

It has taken up the work of a readjustment of the tariff in a patriotic and business-like way, such as will protect the interest of labor and at the same time encourage capital to enterprise that will furnish it with employment

New Sates, which were denied their rights before, have been admitted to the Union, and the grip of Tammany Hali upon the Presidency backens.

Unearned land grants are being re-stored to the pubic domain and the land thrown open to settlement, and in all things he piedges of the National platform are being amply redeemed.

We endorse the Administration of President Harrison and commend his conservative course as striking in con-tract with his redecessor in office

conservative course as striking in con-trest with his redecessor in office. During the former Administration inver and wheat out had the I west price everkin wa, an ferm its burned their corn for fuel. Thus is were stimulated, finances ilsarranged, strikes prevailed, the mail service was demoralized and business found itself op pressed instead of being encouraged by the methods of he dovernment, whose whom business should be to benealt the country.

Today silver, we est, leas and all the produce sof labor are rapidly tising, and white the D-mocratic officials may perwhile the 11-mocratic officials may perhaps be innocent of intentionally destroying our prosperity they re culpable for the results of bunder, as they would be for crimes. Under Harrison Cainese and con ract labor are kept out of the country, American labor as and mechanics protested, agriculture is encouraged by a department into a gently conducted for its benefit, and the laws administered in a wise. firm and patriotic manner, in presenting its ficket to the voters of Nevsda, the nepublican party piedges its no alness to retrenchment where er it is possible in county and State expenditures.

We pledge our nomines to a system of state improvements which shall save the water no y running of waste, and revise means to scaure its use in the irrigation of the fertile lands now lying idle.

We endorse the measure introduced by s n stor's ewart proposing to cede the lands within our lines to the state for the purpose of sining to improve our water storage and irregating system, and we appeal to forgress and the President to grant this much-needed

Adopted by the Republican State
Convention held at Viginity,
Nevada, September 4th 1890.

The record of the Republican party is its best platform.

No political party in human history has taken such advanced positions for the equality of races, none has so wedded the administration of authority to the needs of business, none has so managed the affairs of a State as to encourage the development and settlement of a continent, none has elevated a nation and so contributed to the comfort and happiness of man, none has so honestly and economically car-
